## NEW STEAM-BOAT.

It is with no ordinary feelings of pleasure and satisfaction we announce that it is expected, the New and Elegant Steam-Boat MARYLAND, will leave Baltimore for Annapolis and this place on Saturday next.

The "MARYLAND," has been built and her machinery made by the most experienced mechanics and of the best materials, under the immediate direction and superintendence of Captains Barber and Vickers.—She is completely fitted and provided with every possible comfort and convenience; and in point of elegance, strength and accommodation is not surpassed by any in this state.—She will run regularly twice a week to Annapolis and is to be commanded by our experienced and enterprising townsman, Captain Clement Vickers.

## LATEST FROM HAVRE.

The brig Factor arrived at this port last evening 10th ult.

The Factor has brought 158 passengers, 120 of whom are from England, principally mechanics, who are not permitted to migrate directly from that country to the United States. About 500 more were expected at Havre, to embark for this country; the brig Eliza, of Boston bound to Baltimore, had engaged 130 and the Justina on the way to this port, has 60.—Mer. Adv.

## BANK OF THE UNITED STATES.

The building intended for the Bank of the U. States in this city, goes on with great spirit. Already is the massy and extensive foundation nearly completed; and from the number and skill of the workmen employed there can be but little doubt that this magnificent edifice will be completed in 1821. In the mean time it gives employment and bread to many families.—Phil. Gaz.

Commodore Perry has passed through New-York for Washington, having received orders to proceed to sea from Annapolis immediately in the John Adams—destination a secret. [N. Y. Gaz

RALEIGH, N. C. May 21.

Mail Robbers.—The boy Granto, who robbed the mail, was found guilty, and sentenced to imprisonment for six months. Bolin and Baker, convicted of the same crime on the great southern route, were sentenced, Bolin to three years, and Baker to two years imprisonment.—The Federal Court adjourned on Saturday last, little business, except the trial of the above criminals, having come before it.

## SPLENDID SCHEME

We continue on the fourth page of this day's Register, the scheme of the lottery for finishing and completing the Cathedral Church of Baltimore, being without exception, in a pecuniary point of view, the most advantageous ever before offered to the adventurer.—On examining the scheme, it will be found novel as well as attractive; the arrangement of consolidating the fifty dollar prizes into large and brilliant Capitals, forming an additional number to the scheme, deserves much credit, not only for that reason, but also that they are to be paid *without deduction*, amounting to no less than SIX HUNDRED AND THIRTY PRIZES in proportions of 40,000—20,000—3 of 10,000—5 of 5,000—20 of 1,000, &c. &c. in CASH WITHOUT DISCOUNT—at the same time it gives to the holder of a fifty dollar prize, another chance for an independence, while in lotteries heretofore, no such privilege existed, this scheme being on a different plan.—The idea was suggested by the frequent regrets of adventurers heretofore, who had drawn small prizes, that they were of no importance, and had almost have rather drawn a Blank, than the trifling sum of 20 or 50 dollars; to remedy, therefore, these remarks, it was determined in this scheme to consolidate the whole of the small prizes and to distribute the amount in such Capital sums of importance as would by such arrangement, gratify the holders of the small prizes, by the knowledge that if unluckily they fail in drawing a capital during the first nine days, still the tenth being reserved expressly, may yield to six hundred and thirty of them a

higher sum than they then could possibly obtain otherwise.

Added to the above advantages, is that of the expedition with which the lottery will be completed—as the PRIZES ONLY ARE TO BE DRAWN.

The drawing will positively commence on Wednesday the FIRST OF SEPTEMBER next, under the superintendence of the Commissioners, appointed by the governor and council.

Adventurers should not delay in sending on their orders while the tickets and shares can be had at the original rate of *Forty Dollars*—the price will be advanced to *Forty-five* early in the next month—ORDERS, will meet the most prompt attention addressed to

J. I. COHEN, Jun.

No. 110, Market-St.—Baltimore.

Adventurers (individuals or clubs) who purchase at Cohen's Office, tickets or shares to the amount of One Hundred Dollars or upwards, will be furnished *gratis*, during the drawing, with the "LOTTERY REGISTER" which will contain the manager's official list of prizes of each day.

## New Establishment.

For the convenience of a numerous portion of our customers in that part of the Union, we have established a Branch of our Office at Norfolk, in the State of Virginia, where all Business in the Lottery and Exchange line will be attended to, with our usual precision and promptitude.—ORDERS from distant correspondents, or letters as the case may require, to be directed either to Baltimore as usual, or to Norfolk, corner of Wide-Water street, and Maxwell's wharf.

## Intended Removal.

In the course of three or four weeks, COHEN'S OFFICE at Baltimore, will be removed from No. 110, to the new Building, No. 114, Market-Street, of which the public will please take notice.

## The University Lottery.

Sales of Tickets in this great scheme, still progress—not so rapid in consequence of the day not being yet fixed for drawing.—The managers calculate on being enabled to do so in a very short time.

In presenting the above Scheme, the Managers indulge the hope that they will not appeal in vain to the generosity of the public. The undertaking in which they are engaged, is one of great expense and labour; and when completed, the Church will form one amongst the most striking embellishments of this rising Metropolis. In this point of view, the Cathedral may be considered as a public improvement, and may rank at least equal, in Architectural decoration, to the most splendid in the Union. Whilst, therefore, the Managers rely with confidence on the zealous support of their fellow parishoners, and of their Catholic Brethren elsewhere, they earnestly recommend the Lottery to the liberal of all other denominations.
